

WORKPLACE HEALTH AND SAFETY POLICY

Intent & Purpose

We regard our people as our most valuable resource and recognise that Springmount Services cannot exist without our team. Springmount Services is committed to providing a safe and healthy workplace for all of our people.

Principles

We recognise our responsibility to provide, maintain and seek to continuously improve health and safety standards and practices in the buildings and all locations the company operates in.

‘Occupational Health and Safety’ is to be interpreted as ‘Work Health and Safety’.

Review

This policy will be reviewed for currency and effectiveness at a minimum of every 12 months during the management review meetings. This will include a full resetting of targets and objectives if required.

Operation and Incidence

Specifically, it will be the responsibility of management to carry out the following:

- To provide a safe and healthy environment for all company workers and the visitors to the building in which it operates
- To eliminate hazards and reduce OHS risk for the prevention of work related injuries and ill-health
- To identify potential risks associated with our operations and establish procedures to remove or minimise the likelihood of an accident occurring
- To ensure that those concerned are aware of and accept the responsibility for the implementation of accident prevention and safety procedures
- To ensure that the company and its employees apply Health, Safety and Environmental standards to their work, which are fully compatible with the client’s policy and procedures
- To ensure that all Safety, Health and Environmental Legislation is complied with
- To provide such guidelines, information, training and instructions to employees, so they are better able to recognise and deal with risks associated within their work environment
- To ensure that all employees and contractors comply with “Public Liability Procedures”.
